Dear Mr. Pietz,

The AAI Corporation Supplier Quality System Assessment that was conducted at your facility on August 13, 2009 has resulted in an overall score of 100%. This score indicates that Touchstone's Quality System meets AAI requirements to be an approved supplier.

I was very impressed with your product technology and facility, as well as the failure analysis testing your lab could provide AAI.

I look forward to working with your staff in the near future for a First Article Inspection of the tooling

If you have any questions or would like additional information on the assessment detail, please contact the undersigned.

I thank you for the courtesy and support extended to me during the assessment. Your hospitality and cooperation during the assessment was greatly appreciated.

Sincerely,

Dave Wilcox
